PRO Tips!

For Your Unplugged Session

Let's tell your story and capture what makes you, **YOU!**

- **Dress how you feel best!** If it's your sports uniform, your homecoming outfit, or your go-to every day outfit, the clothes that make you feel like the best version of YOU is what you should bring to the shoot!
- **Highlight your hobbies!** Are you an artist? An athlete? A dancer, reader, or musician? Do you have a collection you're proud of? Bring the items you want to show off in your session! Your favorite records, books, your skateboard, or your sports medals and trophies are perfect for this!
- **Dress head to toe!** If you're bringing a sports jersey and equipment, bring everything - including shoes, hats or helmets to complete your look.
- **Think about the details!** Texture and color will make your portraits POP and accessories can add the finishing touches to a look! (Think jewelry, belts, hats, shoes...)
- **Have your pet join you!** Get some special shots with your four-legged bestie! Our studio is animal friendly, whether they have fur, feathers, or scales!
- **Collaborate with your photographer!** Our photographers know our studio spaces better than ANYONE and will find the best spaces for you and your vision. They're happy to help with outfit suggestions, posing inspo, and highlighting what's important to you.
- **Iron your clothing!** Wrinkles show, even when you don't think they will. Ironing or steaming them before your session and bringing them on a hanger makes everything so much easier!
- **Make sure you're photo ready!** You may want to wear a little more makeup than usual. Don't worry - you don't have to be ready for an awards show - rather gently highlight your features with a little extra mascara and some blush.
- **Feel fresh!** Make sure you have your hair styled when you arrive - including any beard trims or shaving of your facial hair!
